8 September 1980

MEMORANDUM FOR: Director of Data Processing

ATTENTION : Executive Officer

THROUGH : Chief, Interactive Systems Branch
Chief, Systems Programming Division
Deputy Director for Processing, ODP

FROM : ███████████

Interactive Systems Branch, SPD   STATINTL

SUBJECT : Assistance to the Department of the Army

I request permission to render the following assistance to the U. S. Army Administration Center as provided for in ODP Instruction 07-02-77:

ILLEGIB

a. Agency Assisted:
U. S. Army Institute of Administration
Computer Science Department
Gates-Lord Hall
Fort Benjamin Harrison, IN 46216

b. Description of Assistance: I would spend a day working with the systems programmers at the Administration Center examining methods for tuning and tailoring their VM/CMS system. I would be on annual leave and representing myself as an Army Reserve Officer.

c. Location of Assistance: Same as (a).

d. Component Involved: NA.

e. Basis for Activity: The Administration Center converted from an OS/MFT HASP to a VM/CMS based system last fall. There is a lack of VM expertise in the Army and they have been having difficulty customizing their system. I have discussed some of their problems over the phone, but feel that it would be more productive if I spent some time working with their systems programmers. I will be attending a conference in that part of the country this November, and have made tentative arrangements to visit Fort Harrison enroute. While the assistance would be provided under Army auspices, approval is sought to insure compliance with Agency regulations.

f. Financial Cost: NA.

g. Manpower: NA.

SUBJECT: Assistance to the Department of the Army

h. Person to Contact for Additional Information:

STATINTL

Interactive Systems Branch, SPD
extension 6078

None of the material to be discussed is classified or controversial. I am not
under cover and may be identified as an Agency employee. There will be no
transfer of software.
